## Why study at the RED School of Modern Dance?

The *RED School of Modern Dance* is a professional nonprofit arts center that focuses on the education and artistry of modern and ballet dance techniques. The *RED School of Modern Dance* provides dance training by experienced and knowledgeable dance professionals in a professional environment where dancers are challenged, encouraged, and trained with exceptional instruction. All dance classes are dedicated to emphasizing proper technical training understanding of dance vocabulary, anatomy, and self-expression. The *RED School of Modern Dance* prepares the pre-professional dancer for a career in the arts and also broadens the recreational dancer's love for the art of dance which builds self-confidence

and discipline gained from studying modern and ballet technique.

## What is Modern Dance?

Modern Dance is a style of dance that has been around a little over 100 years. Modern Dance is a form of art that has many different approaches and can be a hybrid of other dance styles to create a dynamic style of dance. Modern Dance is "an individual's approach to thoughtful expression of movement" and explores all avenues of movement possibilities. Inspiration for modern dance can be found in everything. Modern dance movement explores symmetrical and abstract designs, shows effort and emotion in movement, and practices free exploration of the entire body. Modern dance strongly encourages self-expression to create exciting movement that connects on a physical, psychological, and emotional level.
